How Hair Can Be Forced Grow Luxuriantly AND OTHER BE

THERE is a world of difference between a hair tonic and a hair grower, and there are many hair tonics sold as hair-growers simply because it has been generally assumed that to tone up the hair roots teases them to renewed growth. But this result is very meager and as a rule disappointing.

I want to give you here the formula for a real hair-grower, and you will know by actual, visible results that you have at last in your possession a most wonderful article. This formula produces a very pronounced effect upon the entire cell-life of the hair from root to tip—it forces hair to grow. You will notice a startling difference in the fast increasing length of your hair, in the unusual thickness of its growth, and in the new, vigorous hairs growth, and in the new, vigorous hairs growing in the thin spots. I would not give up this hair-grower for all the
